COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

As noted elsewhere in this issue the assessors will be in session Monday, April 3 from 10:00 a. m. to 5:00 p. m.

We have had several inquiries about the new law pertaining to farmland. This law guarantees a taxpayer, who can qualify, his valuation will not change until he changes use of his land. The assessor's must keep double records of the land values. One valuation will be at the present level, the other must be for the highest and best use they feel the land could be put to. If a farmer sells a portion of his land he loses the present classification on the whole parcel. If he changes the use of the land he also loses the classification. When either one of these moves are made the Assessors then can tax either the land owner or the purchaser, depending on the circumstances, retroactively for up to 10 years for the difference between the present value and the highest and best use value plus 8% interest.

It is generally felt, according to the Bureau of Taxation there will be very little interest, on the part of landowners, to participate when they find what the penalty can be for change of use. It is felt the only ones it can possibly benefit would be someone who is absolutely sure he is never going to sell or change use of his property.

CENSUS BUREAU REPORTS 422 FARMS IN OXFORD COUNTY

Oxford county showed a total of 422 farms in the 1969 Census of Agriculture, according to figures released by the U. S. Department of Commerce's Bureau of the Census, a part of the Department's Social and Economic Statistics Administration (SESAA).

In the last previous Census of Agriculture (1964) the number of farms reported in the county was 716.

Of the county's total farms in 1969, 215 are reported as selling \$2500 or more of agricultural products in the year, as compared with 318 in 1964.

The report also shows average farm size in the county was 232.4 acres, and average value of these farms (land and buildings) was \$29,910.

Other figures from the report are: 1. Value of all farm products sold in 1969, \$2,624,669, 1964, \$2,000,529. 2. Value of all crops sold in 1969, \$1,959,293, 1964, \$1,742,424. 3. Value of all livestock, poultry, and their products sold in 1969, \$525,376, 1964, \$469,092.

Reported for the first time in an agricultural census is information on the extent to which the corporate structure is being used by operators of farms from which agricultural products, totaling \$2,500 and over were sold. Including family farms using this type of business structure, two of the county's \$2,500 and over farms are incorporated.

FACULTY FOLLIES IS WARMLY RECEIVED BY CAPACITY AUDIENCE LAST FRIDAY

"Faculty Follies" on Friday, March 24, was warmly received by a capacity audience. It was a "fun show" covering questions ranging from the roof at Crescent Park to television commercials on such standard video subjects as indignation and anti-perspirants, and the spectators enthusiastically shared the mood of cheerful iconoclasm.

The large cast performed with polish and skill. There is unquestionably a rich reservoir of talent among the teachers and staff of S. A. D. #4. The opening musical set and Sue Bane's vocal solo were a splendid kickoff, and the show moved along at a professional pace after its auspicious beginning. To enumerate all the fine acts would be space consuming, but special mention must be made of SAD NEWS skit, the miming of the cast of "Fiddlers on the Roof" and the moments of pure hilarity in "The Old School House."

In addition the evening made a substantial contribution to Dollars for Scholars. The preliminary estimates are \$700 cleared for the show and \$120 net proceeds from the stereo tape player radio-recorder player which was awarded to Doane Tibbets.

Dollars for Scholars is grateful to the S. A. D. #4 Faculty for this important help toward further education for local young people. Their willingness to contribute in this manner demonstrates both devotion to the young people whom they teach and loyalty to the community as a whole. The evening was their performance, carried out with imagination, energy and skill. Particular thanks and admiration are due Mrs. Helen Berry who directed and inspired the major part of the evening's entertainment.

SEEKING TO FORM S. A. D. #44 MUSIC BOOSTERS CLUB

A music boosters club for S. A. D. #44 is in the process of formation. There will be an organizing meeting Tuesday evening, April 4, in the music room at Telstar Regional High School. Boosters Club could be of great benefit to the music program of district #44. Hope to see you there.

HATHAWAY TO BE GUEST SPEAKER AT TELSTAR FRIDAY

TO DISCUSS "SCENIC HIGHWAY" DESIGNATION MONDAY AT NEWRY HEARING

Maine State Highway Board will hold a public hearing at the Newry River Grange Hall in Newry on Monday evening, April 3, at 7:00 p. m. The purpose is to discuss a portion of Route 20 as a scenic highway.

The portion of highway to be discussed at the hearing and Roger M. Berry, secretary of the board and State Highway Commission engineer, a parent and child, extends approximately 14 miles from North Newry, passing through portions of Newry, Grafton and Upton, including the area through Grafton North State Park.

The section of highway is known for a variety of scenic attractions, including Old Speck, and rugged mountains, waterfalls, ponds and streams, rock formations, wetlands, ferns, and other features of the highway, gorges, the "notch", the topographic feature that gives the park its name, etc.

The purpose of the hearing is to provide an opportunity for all those interested in the proposal to a scenic highway to express their views and to make statements about the proposed scenic highway.

Already designated scenic highways in the state have been a 50-mile stretch of U. S. Route 201 running along the Kennebec River between Bethel and The Forks, a 15.5-mile section of Route 103 between Bethel and the state's 500 miles of Route 11 from Portage Lake to East Bethel, and a 10-mile section of U. S. Route 201 from Bethel to the Canadian border.

Mrs. Colista Morgan, Corres. — In the clear, blue, luminous air of early morning I have twice climbed Noyes Mountain this week. On Monday, I traveled alone but on Tuesday Ruth joined me. We entered the spring road above the house on the smooth crisp crust. Wending our way among the dark hemlocks, we enjoyed the shade and shadows as we climbed. The way was steep so we stopped occasionally to take a "breather" and to view the scenery.

Our feet crunched the crust as we entered the recently cleared area. Tops and stumps of trees are now hidden beneath the snow. How different it was! Last fall when I came this way to explore I found the little

SURPRISE BIRTHDAY PARTY

A surprise birthday party was given for Elsie Hinkley in honor of celebrating her 72nd birthday, Sunday evening, March 26, at the home of Mr. and Mrs. Herman Palmer in Bryant Pond. It was given by her children. Those present were Mr. and Mrs. Robert Hinkley, Robert, April, Jackie, and Janie Hinkley, Mr. and Mrs. Earl Hart, Elmer Palmer, Calvin Baker, Mr. and Mrs. Herman Palmer, Violet, Edgar Vincent and Wanda Palmer, Aron Gross, Mr. and Mrs. Evelyn Hill, Mr. and Mrs. Warren Palmer, Warren Jr., Greg, Cheryl, and Bryon Seakons; Mrs. Elsie Albert, Mrs. Joyce Walker, Edward Jr., Paul, Paula, Pauline, and Della Walker; Cindy Hart, and many other guests who received many

blue asters and golden rod which grew unnoticed all the earlier summer. Often the whole slope was carpeted with flowers and checker-berries. Instead of the crunch of today there was the softness of grasses and moss.

As we climbed today the first were sometimes assembled in bunches and then group was joined to group. The valley grew deeper as we journeyed on.

We walked over or went aside, the meshed network of stones; those walls which lace New England. They mark what were once open fields, lanes, or roads. Some of these led to the camp far up built more than a half century ago.

The camp was now our destination. Nearly three years had elapsed since our last visit there; then in summer when we found it most difficult to get through the brush and decided it would be our last summer trip.

This familiar building was still standing with three feet of snow on its roof. It looked a bit sad, a house with a broken heart. One corner had weakened and stood with "head" drooping. We knew these people who once lived and played there so felt its sadness. We remem-

bered a bit; about its early years, camping near there, its present owners, wished we had the beautiful fire place, and the thoughtfulness of some one bracing the door to keep out the animals. As always the Virginia fence zigzagged serving to enhance its quaintness; but not because there were no rocks at hand. Never that!

Our forests, with their dramatic changes are almost unique. Each season they have their own charm; the flowers in spring, the green richness in summer and the glory in autumn. But in winter when trees are bare then clues are revealed about the land and its past.

Besides the stone walls, there were the cellar holes, dark forest dappled glades, broken here and there by sunny pastures and in the distance the swamps, the panorama of cliffs and partially barren peaks.

We named our mountains against the horizon from left to right and spoke of the whiteness of saddle-back and of the tower on Mt. Zircon.

I pictured the rivers soon to open. Step by step and leap by leap they will plummet almost into a narrow gorge. Down there will be utter

turbulence; the water seething and boiling into foam then coming up sharply against a corner only to tumble over a ledge as it hastened on to the sea.

We moved on, down now following the old bulldozer road shaded by hemlocks clasping arms above us; onward to the opening landscape, absorbed by new pictures and new thoughts, led by nature until by degrees we approached home. Behind us a green and white clad hill, ahead the west where night draws a rose-colored curtain at its windows and shuts out the day.

The Easter season is with us and the harbingers of spring were really noticed here this week: an otter by our shore, the red-wings with their "cocker-ree", the grackle, a woodcock under my window, a flock of geese going over, and the crows plants up near my house.

I like this Easter message but do not know the author.

May this Easter message bring All the beauty of the spring. May every Easter wish come true And beauty of the old renew. May wonders of this Easter tide Fill hearts with hope and peace abide.

May Easter seasons grow more dear With faith and trust throughout the year.

And may this Easter find Love in the heart of all mankind.

Mr. and Mrs. Roland Hayes were in Lewiston on Monday where Mr. Hayes had an appointment with an eye specialist.

Miss Vickie Wentworth, Bridgton, was a week end guest of Miss Ann Holt.

Jean Millett and Ruby Coffin were in Bethel on Thursday to visit Floris Poland.

Mr. and Mrs. Leonas Holt have visited Mrs. Harold Holt at the hospital in Norway several times this week; also Harold Titus in South Paris.

Ann Holt and Vicki Wentworth were in Portland on Saturday where they spent the day with a college friend.

Mr. and Mrs. Robert Holt and

BETHEL LIBRARY

Hours: Tuesday, Thursday, Saturday, 2-5; Friday, 5-8. Telephone, 824-2520.

Bethel Library was the scene of a most successful occasion on Thursday, March 23, when the Catholic Ladies of "Our Lady of the Snows" held a silver tea and food sale. The proceeds were most rewarding and will buy new books for the library. Many thanks go to Mrs. Nellie Frankevicz and the Catholic Ladies. Christine Greenleaf, a student at UMF, sat in on Thursday morning for the "Story Lady", who is on vacation.

A Memorial Book Shelf has been established, where books given in memory of someone will be placed. The Western Maine Art Group presented the library: "New Tendencies in Art," by Aldo Pellegrini, in memory of Faye Taylor; "World Graphic Design," by Felix Gluck, in memory of Bernice Noyes; "Modern Art Movements," by T. Compstone, in memory of Fred Grover.

A new set of Child Craft Encyclopedia arrived this week. — (Mrs.) Virginia Keniston, Librarian.

COUNCIL COMMENTS

This week we bring you news of spring events even though the snow is still here.

Many thanks go to the Library Club for the beautiful spring flowers bought by the Club for the Library and the enjoyment of the whole school. With the continued cold, snowy weather it is heartening to walk into the Library and see the azaleas, begonias, hydrangeas, jonquils and tulips in full bloom. Thanks again, Library Club members!

Drama Club is hard at work on "Arzene and Old Lace". Sets are starting to be put together, parts being learned, rehearsals are underway with great hilarity all around!

Several Student Council members are attending a regional Council convention at Mt. Blue High School, in hopes to increase the communication between the councils in our region. These meetings were set up earlier this year at the state convention so as to allow the councils to help each other with problems or ideas concerning the schools.

Spring sports practice is well underway. Both the boys and girls track teams are running and exercising to build up their endurance and stamina; the baseball and softball teams are practicing fielding, batting, and pitching with high hopes for wins in their upcoming season.

Two other "teams" have also been working. Beth Junior and Senior High Bands and choruses! Their "game" of the season will be the spring concert in the beginning of May - Betty Stowell.

IN MEMORIAM

I can not say, and I will not say That he is dead. He is just away.

With a cheery smile, and a wave of the hand, He has wandered into an unknown land. And left us dreaming how very fair It needs must be since he lingers there.

And you—O you, who the wildest yearn For the old-time step and the glad return—

Think of him faring on, as dear In the love of there as the love of here: Think of him still as the same I say:

He is not dead—he is just away! (James Whitcomb Riley)
